This book presents a comparative look at the norms and attitudes related to youth violence. It aims to present a perspective outside of the typical Western context, through case studies comparing a developed / Western democracy (Germany), a country with a history of institutionalized violence

(South Africa), and an emerging democracy that has experienced heavy terrorism (Pakistan). Building on earlier works, the research presented in this innovative volume provides new insights into the sociocultural context for shaping both young people's tolerance of and involvement in violence, depending on their environment. This volume covers: Research on interpersonal violence. Thorough review of the contribution of research on gangs, violence, neighborhoods and community. Analyses on violence-related norms of male juveniles (ages 16-21 years old) living in high-risk urban neighborhoods. Intense

discussion of the concept of street code and its use. Application of street code concept to contexts outside the US. An integrating chapter focused on where the street code exists, and how it is modified or interpreted by young men. With a foreword by Jeffrey Ian Ross, this book aims to provide a broader context for research. It does so via a rigorous comparative methodology, presenting a framework that may be applied to future studies. This open access book will be of interest to researchers in criminology and criminal justice, as well as related fields such as sociology, demography, psychology, and public health. A

PROVOCATIVE, UP-CLOSE  
LOOK AT SOME OF THE  
MOST POWERFUL AND  
INFLUENTIAL WOMEN OF  
THE STREET "Herera  
describes . . . key players with  
a touch that is both  
sympathetic and exacting; each  
speaker has her own voice, yet  
Herera links common obstacles  
and victories. Interspersed with  
the engrossing narratives are  
lively and informative glimpses  
into strategy and technique. An  
absorbing and entertaining  
book with a substantial bite." --  
Financial Trader. ". . . Herera  
smartly keeps the focus on the  
personal factors that enabled  
[these women] to enter a male  
preserve and thrive. . . .  
Through Herera's diligent

presentation, they . . . provide  
inspiring role models for those  
who would enter the field." --  
Publishers Weekly. "A  
provocative title about 14 top  
Wall Street professional women  
who--no surprise--find it  
difficult to balance work,  
marriage, and family.  
Underneath the friendly noise .  
. . lies hard, reality-based  
choice making." --Booklist. "If  
you are a woman, you must  
read this book to see how to  
succeed in the world of finance.  
If you are a man, you should  
read this book to learn what  
the competition is doing!" --L.  
William Seidman, Former  
Chairman, FDIC. ". . . a  
roadmap to success for any  
woman who wants to succeed

in what has become the world's  
most exciting business.  
Herera's stories of the tough,  
savvy women who have made it  
on the Street are an  
inspiration." --Bill Wolman,  
Chief Economist,  
BusinessWeek. In May 1968,  
demonstrations against the  
French government spread  
across Parisian universities,  
and then to factories and other  
workplaces, resulting in a  
general strike of eleven million  
workers that brought the  
country to a virtual standstill.  
Among the students were a  
group who called themselves  
the Atelier Populaire, who  
produced hundreds of posters  
to encourage the protestors  
and to report on police

brutality. *Beauty Is In The Street* reproduces over 200 of these posters which have become landmarks in political art and graphic design. Also included are a wealth of photographs, many published for the first time, and translations of first-hand accounts of the clashes between the students and strikers and the police. Unsparing and important. . . . An informative, clearheaded and sobering book.—Jonathan Yardley, *Washington Post* (1999 Critic's Choice) Inner-city black America is often stereotyped as a place of random violence, but in fact, violence in the inner city is regulated through an informal

but well-known code of the street. This unwritten set of rules—based largely on an individual's ability to command respect—is a powerful and pervasive form of etiquette, governing the way in which people learn to negotiate public spaces. Elijah Anderson's incisive book delineates the code and examines it as a response to the lack of jobs that pay a living wage, to the stigma of race, to rampant drug use, to alienation and lack of hope. Applying "street smarts" to the real world. Finically strategizing capitol from investments and income generated in the streets into retail items for passive income. Breaking racial barriers black

people place upon other black people. ( doing what's not being done) not being afraid to be different in the eyes of those you once was congruent too. NEW YORK TIMES BESTSELLER • The first published collection of photographs by the icon of street style, bringing together favorites published in *The New York Times* alongside never-before-seen work across five decades. "A dazzling kaleidoscope from the gaze of an artist who saw beauty at every turn."—André Leon Talley Bill Cunningham's photography captured the evolution of style, of trends, and of the everyday, both in New York City and in Paris. But

his work also shows that street style is not only about fashion; it's about the people and the changing culture. These photographs—many never before seen, others having originally appeared in The New York Times and elsewhere—move from decade to decade, beginning in the 1970s and continuing until Cunningham's death in 2016. Here you'll find Cunningham's distinctive chronicling of the 1980s transit strike, the rise of 1990s casual Fridays, the sadness that fell over the city following 9/11, Inauguration Day 2009, the onset of selfies, and many other significant moments. This enduring portfolio is enriched by essays

that provide a revealing portrait of Cunningham and a few of his many fascinations and influences, contributed by Cathy Horyn, Tiina Loite, Vanessa Friedman, Ruth La Ferla, Guy Trebay, Penelope Green, Jacob Bernstein, and a much favored subject, Anna Wintour. More than anything, *On the Street* is a timeless representation of Cunningham's commitment to capturing the here and now. "An absolute delight."—People *Images of the Street* captures the vitality, excitements and tensions of the street. Using examples from the U.K, India, Australia and North America the contributors draw on research in cultural geography,

sociology, cultural studies and planning to explore the making and meaning of urban space. Among the themes examined are: 1. the way streetscapes are shaped by interplay between politics, planning and local political economy 2. social differences of individuals' experiences of the street 3. how social identities are shaped and represented in fiction and film 4. the meaning and significance of streets as settings to play out social practices 5. how social life is regulated on the street, formerly by police and indirectly through architecture and urban design Sometimes, the most perfect families are hiding the most terrible

secrets. How well do you know the people next door? Everybody wants to live on Hogarth Street, the pretty, tree-lined avenue with its white houses. The new family, The Wests, are a perfect fit. Katherine and Josh seem so in love and their gorgeous five-year-old twins race screeching around their beautiful emerald-green lawn. But soon people start to notice: why don't they join backyard barbecues? Why do they brush away offers to babysit? Why, when you knock at the door, do they shut you out, rather than inviting you in? Every family has secrets, and on the hottest day of the year, the truth is about to come out. As a tragedy unfolds behind

closed doors, the dawn chorus is split by the wail of sirens. And one by one the families who tried so hard to welcome the Wests begin to realise: Hogarth Street will never be the same again. A completely gripping, twist-packed psychological thriller, perfect for fans of Liane Moriarty, Sally Hepworth and Lisa Jewell. Readers love The Family Across the Street: 'Wow!!! Wow!!! Wow!!! This book is a total page-turner and will keep you guessing with every page. Halfway through I thought I had figured it out and then BAM! The ending floored me. I just loved this book.' Goodreads reviewer, [REDACTED] 'Omg! Omg!... My son came in

and asked me who I was yelling at?! (I was yelling at my e-reader) LOL... My heart beat out of my chest... The suspense was killing me! LOL my heart is still beating crazy!...OK I have to go now I need a big glass of wine to calm down!' Ana's Attic Guest Reviewer, [REDACTED] Blood on the Street is a riveting account of the Wall Street scam in which ordinary investors lost literally billions of dollars -- in many cases their life savings -- in one of the greatest deceptions ever, by the crack reporter who broke the original story. In one of the most outrageous examples of dirty dealing in the history of Wall Street, hundreds of millions of dollars in illicit

profits were made during the booming 1990s as a result of research analysts issuing positive stock ratings on companies that kicked back investment banking business. Now, for the first time, award-winning journalist Charles Gasparino reveals the whole fascinating story of greed, arrogance, and corruption. It was Gasparino's front-page reporting in *The Wall Street Journal* that brought the story to national attention and spurred New York State attorney general Eliot Spitzer to launch an official probe. Now, Gasparino goes behind his own headlines to tell the inside story of this spectacular swindle -- with revelations from

his unprecedented access to never-before-published depositions and documents, including e-mail exchanges leading all the way up to Citigroup CEO Sanford Weill. Drawing on his research and interviews with industry insiders, Gasparino takes readers into the back rooms of Wall Street's top investment firms and captures the outsize personalities of three key players: Salomon Smith Barney's Jack Grubman, a braggart with one of the largest salaries on Wall Street; Merrill Lynch's Henry Blodget, the Yale graduate who hyped his way to the top of the research pyramid; and Morgan Stanley's Mary Meeker, the

"Queen of the Internet," who foresaw the market catastrophe but gave in to the pressures. *Blood on the Street* shows how regulators, like former SEC chairman Arthur Levitt, allowed the deceptive practices to fester and grow during the 1990s bubble, leaving the door open for a then-little-known attorney general from New York State to step in and make his mark by holding Wall Street accountable. Gasparino provides the first major account of Spitzer's rise to prominence, detailing how the attorney general pursued key players to build his case against Wall Street, including his shifting allegiance to the

powerful New York Stock Exchange chairman Richard Grasso. A fast-paced narrative rich in sharp insights, *Blood on the Street* is the definitive book on the financial debacle that affected millions of Americans. In the slums of Accra, Ghana's fast-moving, cosmopolitan capital, teenagers are turning up dead. Inspector Darko Dawson has seen many crimes, but this latest string of murders—in which all the young victims bear a chilling signature—is the most unsettling of his career. Are these heinous acts a form of ritual killing or the work of a lone, cold-blooded monster? With time running out, Dawson embarks on a harrowing

journey through the city's underbelly and confronts the brutal world of the urban poor, where street children are forced to fight for their very survival—and a cunning killer seems just out of reach. Count the trucks getting stuck in a traffic jam in this rhythmic read-aloud sure to draw in kids who love everything on wheels. Features an audio read-along! One ice-cream truck selling everything sweet breaks down and blocks the middle of our street. If you're a little boy on a bike, an ice-cream truck on your street is always a welcome sight. But what if the truck breaks down and blocks the mail truck behind it (now there are two), not to mention a third

truck carrying hay? One by one, trucks of all types and sizes and functions are sure to pile up behind, offering ample opportunity for ogling — and counting. And maybe the boy's idea for putting one of the trucks to good use might even save the day! Biography, autobiography, and memoir is among the best ways to teach students to appreciate nonfiction reading. Gail Tsukiyama's *The Street of a Thousand Blossoms* is a powerfully moving masterpiece about tradition and change, loss and renewal, and love and family from a glorious storyteller at the height of her powers. It is Tokyo in 1939. On the Street of a Thousand

Blossoms, two orphaned brothers dream of a future firmly rooted in tradition. The older boy, Hiroshi, shows early signs of promise at the national obsession of sumo wrestling, while Kenji is fascinated by the art of Noh theater masks. But as the ripples of war spread to their quiet neighborhood, the brothers must put their dreams on hold—and forge their own paths in a new Japan. Meanwhile, the two young daughters of a renowned sumo master find their lives increasingly intertwined with the fortunes of their father's star pupil, Hiroshi. The films of Orson Welles inhabit the spaces of cities—from America's industrializing

midland to its noirish borderlands, from Europe's medieval fortresses to its Kafkaesque labyrinths and postwar rubblescapes. His movies take us through dark streets to confront nightmarish struggles for power, the carnivalesque and bizarre, and the shadows and light of human character. This ambitious new study explores Welles's vision of cities by following recurring themes across his work, including urban transformation, race relations and fascism, the utopian promise of cosmopolitanism, and romantic nostalgia for archaic forms of urban culture. It focuses on the personal and political

foundation of Welles's cinematic cities—the way he invents urban spaces on film to serve his dramatic, thematic, and ideological purposes. The book's critical scope draws on extensive research in international archives and builds on the work of previous scholars. Viewing Welles as a radical filmmaker whose innovative methods were only occasionally compatible with the commercial film industry, this volume examines the filmmaker's original vision for butchered films, such as *The Magnificent Ambersons* (1942) and *Mr. Arkadin* (1955), and considers many projects the filmmaker never completed—an immense "shadow oeuvre"

ranging from unfinished and unreleased films to unrealized treatments and screenplays. Legendary money manager Peter Lynch explains his own strategies for investing and offers advice for how to pick stocks and mutual funds to assemble a successful investment portfolio. Develop a Winning Investment Strategy—with Expert Advice from “The Nation’s #1 Money Manager.” Peter Lynch’s “invest in what you know” strategy has made him a household name with investors both big and small. An important key to investing, Lynch says, is to remember that stocks are not lottery tickets. There’s a company

behind every stock and a reason companies—and their stocks—perform the way they do. In this book, Peter Lynch shows you how you can become an expert in a company and how you can build a profitable investment portfolio, based on your own experience and insights and on straightforward do-it-yourself research. In *Beating the Street*, Lynch for the first time explains how to devise a mutual fund strategy, shows his step-by-step strategies for picking stock, and describes how the individual investor can improve his or her investment performance to rival that of the experts. There’s no reason the individual investor can’t match

wits with the experts, and this book will show you how. Since 1819, more than 6,200 place (street and village) names divided into more than 3,900 name groups were known in Singapore. Based on digitised historical newspapers, dated back to 1830, municipal records and Malay dictionaries, the origins, meanings and date of naming for many place names are uncovered. As part of Singapore history, place names known since 1936 are recorded in this book. Although place names are fairly static in nature, there have been more than 100 name changes. The naming trends transitioned from English to Malay and then back to English names.

Discover that Toa Payoh was not named after a big swamp, Anderson Road was named before John Anderson, a former Governor, took up his job and many more new findings in this exciting book. This book is a complete listing of all place names since 1936, together with the most comprehensive annotations to date — a first in Singapore. It is also the only book of its kind that analyses naming trends. Information on the origins or date of naming was based on primary sources such as old maps, minutes of municipal meetings, Chinese books and digitised newspapers. Contents: A Study of Singapore Place Names: Introduction Nomenclature of

Singapore Place Names The Contents of Singapore Place Names Place Names of Chinese Origin Standardisation of Chinese Place Names Evolution of Place Names Conclusion Singapore Gazetteer Since 1936 and Annotations Readership: This book is meant for students as well as the general public interested in finding out the history behind Singapore's place names. Keywords: Singapore; Place Name; Road; Street; Village; Toponymics; Statistic Review: Key Features: This is the most comprehensive book on the subject of toponymics using data from digitised newspapers dated back to 1830 that were

unavailable in the past Use of information from Chinese sources, of which no English books on the same subject has been attempted before Analysis of place names and naming trends based on four main racial groups have not been performed previously MasterChef: Street Food of the World is a no-holds-barred celebration of a food trend that continues to grow exponentially, delighting and enticing foodies. This exciting new book takes inspiration from the hugely successful pop up restaurants that continue to delight in their sheer theatre, as well as the street food vans and street food festivals that proliferate worldwide. From

burritos, churros and pretzels to shrimp po' boy, Pad Thai or aromatic buns, it is estimated that 2.5 billion people per day eat street food across the world – a staggering figure. From affordable snacks to the more up-market, this collection will focus on the celebration of fresh and local ingredients and different cultures and cuisines. Often quick and easy to make, these recipes will delight the home chef who wants to create sensational street snacks in their own kitchens. Written by the brilliant Genevieve Taylor, the book also features recipe contributions from MasterChef winners from around the world, such as Ping Coombes, Brent Owens and Claudia Sandoval.

Chapters celebrate the best of each nation and continent, with photography from the legendary David Loftus to create a striking, vibrant and colourful book. Twenty-three year old Katy Speed is fascinated by the house across the street. The woman who lives there, Gloria, is the most glamorous neighbour on the avenue, owning a fashionable dress shop in Bexhill-on-Sea. But who is the woman who arrives in the black car most Saturdays while Gloria is at work? Sometimes she brings women to the house, other times they have children. Hilda, Katy's mother, disapproves of Gloria. She wonders if these mysterious visitors have just

been released from prison. Is Gloria secretly bringing criminals, or worse, into the heart of the community? Then one night, the house burns down. In the wreckage, the bodies of Gloria and her daughter are found. Katy is sure the unexplained visitors must be responsible until her father is arrested and charged with murder. Have the police arrested the correct person? Are the rest of the street safe? Can Katy find the truth before it's too late? How local, specific, and personal understandings about belonging, ownership, and agency intersect with law to shape the city. In *Owning the Street*, Amelia Thorpe

examines everyday experiences of and feelings about property and belonging in contemporary cities. She grounds her account in an empirical study of PARK(ing) Day, an annual event that reclaims street space from cars. A popular and highly recognizable example of DIY Urbanism, PARK(ing) Day has attracted considerable media attention, but has not yet been the subject of close scholarly examination. Focusing on the event's trajectories in San Francisco, Sydney, and Montreal, Thorpe addresses this gap, making use of extensive interview data, field work, and careful reflection to explore these tiny, temporary, and often

transformative interventions. With a new introduction by TAYARI JONES, author of *An American Marriage* 'This is a wonderful novel - the prose is clear, the plot is page-turning, the characters are utterly believable' CHIMAMANDA NGOZI ADICHIE 'Ann Petry's first novel, *The Street*, was a literary event in 1946, praised and translated around the world - the first book by a black woman to sell more than a million copies . . . Her work endures not merely because of the strength of its message but its artistry' NEW YORK TIMES 'My favorite type of novel, literary with an astonishing plot . . . insightful, prescient and unputdownable' TAYARI

JONES New York City, 1940s. In a crumbling tenement in Harlem, Lutie Johnson is determined to build a new life for herself and her eight-year-old boy, Bub - a life that she can be proud of. Having left her unreliable husband, Lutie believes that with hard work and resolve, she can begin again; she has faith in the American dream. But in her struggle to earn money and raise her son amid the violence, poverty and racial dissonance of her surroundings, Lutie is soon trapped: she is a woman alone, 'too good-looking to be decent', with predators at every turn. *Party in the Street* explores the interaction between political parties and

social movements in the United States. Examining the collapse of the post-9/11 antiwar movement against the wars in Iraq and Afghanistan, this book focuses on activism and protest in the United States. It argues that the electoral success of the Democratic Party and President Barack Obama, as well as antipathy toward President George W. Bush, played a greater role in this collapse than did changes in foreign policy. It shows that how people identify with social movements and political parties matters a great deal, and it considers the Tea Party and Occupy Wall Street as comparison cases. How can we learn from a multicultural

society if we don't know how to recognise it? The contemporary city is more than ever a space for the intense convergence of diverse individuals who shift in and out of its urban terrains. The city street is perhaps the most prosaic of the city's public parts, allowing us a view of the very ordinary practices of life and livelihoods. By attending to the expressions of conviviality and contestation, 'City, Street and Citizen' offers an alternative notion of 'multiculturalism' away from the ideological frame of nation, and away from the moral imperative of community. This book offers to the reader an account of the lived realities of allegiance, participation and

belonging from the base of a multi-ethnic street in south London. 'City, Street and Citizen' focuses on the question of whether local life is significant for how individuals develop skills to live with urban change and cultural and ethnic diversity. To animate this question, Hall has turned to a city street and its dimensions of regularity and propinquity to explore interactions in the small shop spaces along the Walworth Road. The city street constitutes exchange, and as such it provides us with a useful space to consider the broader social and political significance of contact in the day-to-day life of multicultural cities. Grounded in an

ethnographic approach, this book will be of interest to academics and students in the fields of sociology, global urbanisation, migration and ethnicity as well as being relevant to politicians, policy makers, urban designers and architects involved in cultural diversity, public space and street based economies. An extraordinary history of the turbulent sixties and early seventies that displays James Baldwin's fury and despair more deeply than any of his other works, and powerfully speaks to contemporary conversations around racism. "It contains truth that cannot be denied." — The Atlantic Monthly In this stunningly

personal document, James Baldwin remembers in vivid details the Harlem childhood that shaped his early consciousness and the later events that scored his heart with pain—the murders of Martin Luther King and Malcolm X, his sojourns in Europe and in Hollywood, and his return to the American South to confront a violent America face-to-face. This is a work about people who make their living by engaging in street-based sex trading and criminal justice and social services efforts to curtail it through the work of police officers, public defenders, judges, probation officers, or court-mandated therapeutic

treatment providers. Coauthored by an anthropologist and a legal scholar, the text explores these interactions and the cultural context in which they take place by drawing upon six years of ethnographic research with hundreds of women involved in street-based prostitution and illicit drug use, as well as dozens of the criminal justice and social services professionals who regularly interact with them. Visualizing the Street investigates the social and cultural significance of new developments at the intersection of visual culture and urban space. Here is the courageous, groundbreaking

story of Rosa Parks and Recy Taylor—a story that reinterprets the history of America's civil rights movement in terms of the sexual violence committed against Black women by white men. "An important step to finally facing the terrible legacies of race and gender in this country." —The Washington Post Rosa Parks was often described as a sweet and reticent elderly woman whose tired feet caused her to defy segregation on Montgomery's city buses, and whose supposedly solitary, spontaneous act sparked the 1955 bus boycott that gave birth to the civil rights movement. The truth of who

Rosa Parks was and what really lay beneath the 1955 boycott is far different from anything previously written. In this groundbreaking and important book, Danielle McGuire writes about the rape in 1944 of a twenty-four-year-old mother and sharecropper, Recy Taylor, who strolled toward home after an evening of singing and praying at the Rock Hill Holiness Church in Abbeville, Alabama. Seven white men, armed with knives and shotguns, ordered the young woman into their green Chevrolet, raped her, and left her for dead. The president of the local NAACP branch office sent his best investigator and organizer—Rosa Parks—to

Abbeville. In taking on this case, Parks launched a movement that exposed a ritualized history of sexual assault against Black women and added fire to the growing call for change. This book provides new insights on the lives of children in street situations by providing analyses from a qualitative perspective on the sociology of childhood. It proposes some insightful perspectives on the current discussion about the rights of children in street situations. It includes a unique selection of texts, which were initially published in French, written by the authors of this volume, on the lives of children in street situations in Latin

America and China, that are now available to an English readership. It challenges obstacles, linked to macrosocial issues such as inequalities, images of the child, the separation of public/private spheres, urban dynamics and structural adjustments, as well as to microsocial dimensions such as identity, motivation, and activities that are constitutive of street situations. The book discusses the situations experienced by children, highlighting children's reflexivity and strategies as social factors, and shedding new light on the debate "agency within structure". \*\*\* THE THRILLING RICHARD & JUDY

'Books like this don't come around too often' - JOANNE HARRIS 'Believe the hype... a masterclass' - KIRAN MILLWOOD HARGRAVE 'A chilling and beautiful masterpiece of suspense. I was completely enthralled' - JOE HILL 'A masterpiece. Beautiful, heartbreaking and quietly uplifting' - ALEX NORTH In *Take on the Street*, Arthur Levitt--Chairman of the Securities and Exchange Commission for eight years under President Clinton--provides the best kind of insider information: the kind that can help honest, small investors protect themselves from the deliberately confusing ways of Wall Street. At a time

when investor confidence in Wall Street and corporate America is at an historic low, when many are seriously questioning whether or not they should continue to invest, Levitt offers the benefits of his own experience, both on Wall Street and as its chief regulator. His straight talk about the ways of stockbrokers (they are salesmen, plain and simple), corporate financial statements (the truth is often hidden), mutual fund managers (remember who they really work for), and other aspects of the business will help to arm everyone with the tools they need to protect—and enhance—their financial future. List of individual members in

1906-13. Seeking a fresh start, newly divorced Sarah and her daughter Elissa find the house of their dreams in a small, upscale, rural town. But when startling and unexplainable events begin to happen, Sarah and Elissa learn the town is in the shadows of a chilling secret. Years earlier, in the house next door, a daughter killed her parents in their beds, and disappeared - leaving only a brother, Ryan, as the sole survivor. Against Sarah's wishes, Elissa begins a relationship with the reclusive Ryan - and the closer they get, the deeper they're all pulled into a mystery more dangerous than they ever imagined. This novel includes a fold-out

poster! This book opens readers' eyes to something they see all the time but take for granted: street signs. It is a portrait of the signs on modern English streets: what they look like, who and what they are for, how they link to English history and how they form part of life in multilingual England today. It describes how their shapes, materials, letters, vocabulary, and grammar differ from other forms of written English, using a framework based on linguistics, typography and writing systems research. It provides readable and entertaining insights into an important use of written English, illustrated with over 400 examples of street signs.

The book represents a starting point for the study of street signs as an academic area in its own right. Warren takes you on a journey into the workhouses, slums, factories, and schools of Victorian England, and into the world of Dickens. She shows now he used his pen to do battle on behalf of the poor, becoming one of the great reformers of his or any age.
